BK 4.0<sup>®</sup>

Built to last a lifetime. This construction kit represents sustainability and enduring value — a timeless companion for cross-generational play and building.

It is a true work of art, crafted with love and dedication, inviting creative exploration through its aesthetic design.

Handmade in Germany.

Crafted from solid FSC-certified beech wood, with a slide-in lid made of clear acrylic glass.

The finish is completely free of preservatives and solvents, making it safe, vegan, and resistant to sweat, saliva, and all weather conditions — durable and perfect for long-lasting use.
